

**HON'BLE GOVERNOR OF TAMIL NADU THIRU.R.N.RAVI 'S  
VALEDICTORY ADDRESS ON CONCLUSION OF TWO DAYS  
CONFERENCE OF VICE-CHANCELLORS OF UNIVERSITIES  
IN TAMIL NADU AT RAJ BHAVAN, UDHAGAMANDALAM,  
TODAY (26.04.2022)**

Hon'ble Governor of Tamil Nadu, Thiru.R.N.Ravi delivered valedictory address on commencement of two days conference of Vice-Chancellors of State, Central and Private Universities in Tamil Nadu at Raj Bhavan, Udhagamandalam today (26.04.2022). Hon'ble Governor of Tamil Nadu and Prof.M.Jagdish Kumar, Chairman, University Grants Commission also witnessed the presentations and group discussions .

Hon'ble Governor appreciated insightful and indepth brainstorming sessions conducted by Vice Chancellors and representatives of Central, State and Private universities. The outcome of two days conference will be compiled and shared with Central Government, State Government and policy makers, as well.

Nation is confidently marching towards its destiny of becoming Vishwa Guru, by 2047 for which an exhaustive road map is needed. The Conference has provided much needed input for the cause. Educationists and intellectuals from Central, State and private universities came together and provided their insights based on their vast experience, wisdom, converged and co-created the blue print of future course of action. It will redefine our future course of action particularly in education and sustainable developments.

In the new world order, Nation is looking forward by pooling our enormous human resources and youth power to succeed in our mission of becoming a world leader by the year 2047 while our Nation will be celebrating 100<sup>th</sup> year of Freedom. It is our tradition to do good for the fellow human and all other forms of life. It is collective responsibility of every citizen, particularly youths to mark their contribution for prosperous India for a peaceful and prosperous world.

Padmashri.Sridhar Vembu, CEO, Zoho Corporation, in his special address, emphasized that there is a dire need to promote Tamil language to reduce developmental gaps and promote equitable development of Tamil Nadu and the Nation. It will also impart quality technical training in higher education for the students which will foster their learning and improve their employability.

He added that within 25 years, our Nation can be at the forefront of science and technology and a global super-power by enabling our industry to think bigger and in longer term of Research & Development. Our universities will become world class universities only when our industries are world class. For which extensive focus on skill development of students that suited to local industry and working closely with joint projects is needed for nurturing the talent of students.

On this occasion, Thiru.Anandrao V.Patil, Principal Secretary to Governor who delivered welcome valedictory address, all Vice-Chancellors of State, Central and private universities, Professors and Associate Professors from various universities, dignitaries, high officials of State Government, officials and staff of Raj Bhavan were in presence.
